Profile

Experienced Java Full Stack Developer with 3.4 years in software development, specializing in React.js and PostgreSQL. Demonstrated expertise in building scalable backend solutions using Java frameworks and crafting dynamic user interfaces with React.js. Proficient in designing and optimizing PostgreSQL databases for efficient data management. Committed to delivering high-quality, scalable applications that meet client requirements effectively.

Professional Experience

Infosys, Associate Business Analyst   2022/11 – present | Indore, Pune, India
Played a key role in two transformative projects:
  - Bed Bath & Beyond (November 2022 to August 2023)
  - BMG Songs (October 2023 to Present)
- Leveraged expertise in PostgreSQL to develop scalable database solutions.
- Utilized Java for backend development and application logic.
- Implemented Microservices architecture for modular and maintainable systems.
- Developed dynamic user interfaces with React.js.
- Proficiently generated SAST and DAST reports for comprehensive security assessments.
- Utilized Git and GitHub Desktop for version control and collaborative development.
- Successfully deployed projects on cloud platforms utilizing Amazon EC2 and Lambda.
- Managed project tasks efficiently using Rally, optimizing Agile project workflows for enhanced productivity and delivery.

Capgemini, Analyst   2021/04 – 2022/11 | Hyderabad, India
- Played a key role in two transformative projects at Baker Hughes:
  - Employee Costing Manager (April 2021 to December 2021)
  - Real track (December 2021 to November 2022)
- Leveraged expertise in PostgreSQL to develop scalable database solutions and functions.
- Utilized Java for backend development and application logic.
- Implemented Microservices architecture for modular and maintainable systems.
- Developed dynamic user interfaces with React.js.
- Proficiently generated SAST and DAST reports for comprehensive security assessments.
- Utilized Git and GitHub Desktop for version control and collaborative development.
- Successfully deployed projects on cloud platforms utilizing Amazon EC2 and Lambda.
- Managed project tasks efficiently using Rally, optimizing Agile project workflows for enhanced productivity and delivery.

Education

bachelor of engineering, Lakshmi Narain College of technology   2016 – 2020 | Indore, India

XIIth, St. Xavier's High School   2014 – 2015 | Deoghar, India

Xth, Vidya Niketan   2012 – 2013 | Patna, India

Skills

Springboot	Java
PostgreSQL and MySQL	React.JS & Node.JS
Kubernates and Compute Engine	GCP
Git & Github	JIRA
HTML & CSS	Tools - Eclipse, STS, IntelliJ, Visual Studio
Operating System: Windows
